WHAT IT TAKES: SUPERVISING PEER SUPPORT SPECIALISTS

2-Day Virtual Supervision Summit, 9 am – 4 pm on Friday March 15 and Friday March 22, 2024

The Peer Support Services Technical Assistance Center (PeerTAC) is excited to offer a Virtual Summit for Supervisors of Peer Support Services. Join us to learn more about organizational development, tools, and strategies for the successful supervision of Peer Support Specialists/Advocates across the lifespan.

This Summit is intended for program managers, supervisors, and peer team leaders in behavioral health programs from across the state. Join us to gain wisdom from accomplished leaders in the peer support supervisor community, practicing supervision competencies grounded in mutual peer support values, and having frank supervisor-to-supervisor discussions focused on effective supervision of the peer support workforce.

REGISTRATION OPENS IN FEBRUARY

For notifications, sign up on the PeerTAC mailing list:
